

1990 COUNTY BLOCK MAP (RECREATED): PRINCE GEORGE'S County

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.  
1 A place name in bold indicates that the place is also a false MCD;  
2 In 1990, the crews-of-vessels population of ships at sea was allocated to county boundaries. This map shows a very small area symbolized as a census tract with the census tract number shown near the area.  
3 A \* following a block number indicates that the block number is repeated elsewhere in the block.
